

Do You Want a Trump Economy or a Biden Economy?

Policies really do matter! Not only do states run with conservative policies perform far better than states run with progressive policies, as the chart below shows, but the stunning performance gap between the two groups goes even deeper. The average job loss among the BEST-performing conservative run states is 4.3 percent compared to 10.4 percent loss among the WORST-performing progressive states. That 2.5-times difference impacts Main Street America enormously.

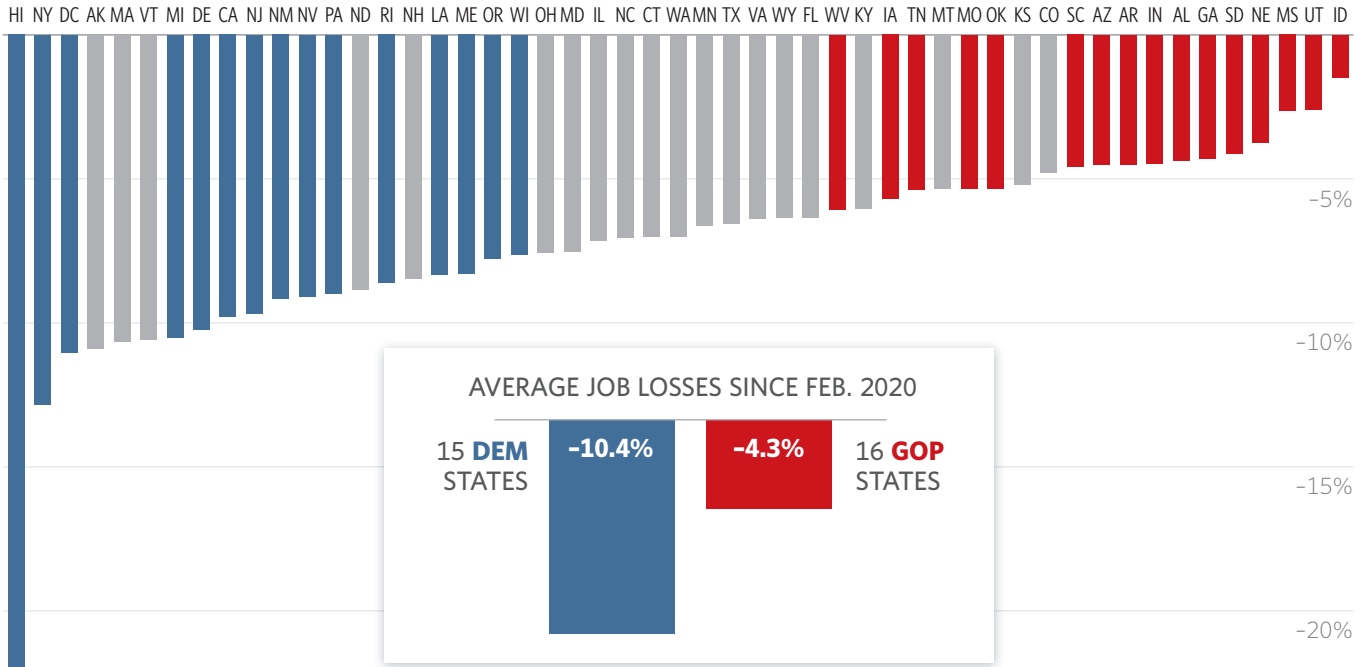

BIDEN ECONOMY

15 of the 20 **WORST**-performing states have **DEMOCRAT** governors pushing **PROGRESSIVE** policies

TRUMP ECONOMY

16 of the 20 **BEST**-performing states have **REPUBLICAN** governors pushing **CONSERVATIVE** policies
