

# Ohio's Recovery Hindered by Mass Layoffs

While job opportunities in Ohio have increased, there are signs the state may not be making the most of the strong national economy. Jobs lost in the state from mass layoffs spiked last year—there were **14,079 such layoffs in 2018**, the highest year-to-date total since the Great Recession. 2019 was an improvement with **9,380** layoffs, aided by a record low number of layoffs in December.
